

Hotspot Policy:

March 14, 2023

- You must have a valid library card.
- There is no deposit required.
- You must be 18 and over to check out.
- Only one hotspot per household. Multiple can connect to the same hotspots.
- There is a probation period of 30 days on new cards before patrons are able to check out hotspots.
- Hotspots may be checked out for one week. One renewal is only allowed if there is no holds or waitlist.
- Only Perry Township residents or members who have purchased a non-resident card with the Ligonier Public Library may borrow hotspots. After this patrons must wait two business days to collect a new one or be added to the waitlist.
- Hotspots will be turned off if they become overdue and there will be a \$.25 per day fee until the item is returned.
- If the hotspot is lost, patron will be fined the cost of the replacement. The same for damaged hotspots or missing parts.
- If a hotspot goes to lost but is returned, patron will be permanently banned from checking out additional hotspots once the item is returned. Privileges may be returned at the Director's discretion.
